Residential Parking Permit Information

The Residential Parking Permit Program (“RPP”) restricts public parking in resort area residential streets between 8 p.m. – 6 a.m. daily. A parking permit is required to park in these restricted areas during the posted restricted times. The Residential Permit is an annual permit that requires valid residency documents. From April 1st to November 1st, every car must have a permit or decal registered to it to park in the Residential Parking Area. If you park on the street without a registered permit or decal, a \$70 citation may be written for the violation.

Between November 1st and March 31st, tenants may park on the street overnight without a permit. Before April 1st, tenants should stop into the Treasurer’s Office and pick up their RPP decal(s). Tenants may also request a permit on line at <https://vabeachpermits.rmcpay.com>. Tenants will need to have the following documentation:

- Driver’s license for identification
- State vehicle registration and 2 additional documents showing proof of residency. This may include lease, utility bill, bank statement.
